Dear Mr. Kimery:

Thank you for your letter regarding the former Imperial Oil Refinery property in the City of Regina.

Based on our review of the work undertaken by O'Connor and Associates for Imperial Oil Limited earlier this year, the ministry has requested that Imperial Oil Limited perform a Phase II Environmental Site Assessment to delineate the extent of impacts in light of current Environmental Quality Guidelines specified by the Canadian Council of Ministers of the Environment.

Your request for copies of any communication between the Ministry of Environment, the City of Regina and ESSO regarding this issue, may be made through The Freedom of Information and Protection of Privacy Act. Access to information request forms are available on the Government of Saskatchewan web site or can also be obtained by calling (306) 787-9177.

Should you have any additional questions, please contact Mr. Ralph Bock, Environmental Project Officer with the ministry, at (306) 933-6545.

Sincerely,
